Dear Wil Casaine;

ASCO Numatics, the world's leading manufacturer of comprehensive fluid automation, flow control, and pneumatics solutions, is proud to open the 2014/2015 application period for its engineering scholarship program.

ASCO Numatics will award two merit-based scholarships of \$5,000 each to exceptional undergraduate and graduate engineering students pursuing careers in manufacturing, processing, or other industrial automation related disciplines. Additionally, ASCO Numatics will make \$1,000 grants to the engineering departments of the colleges in which the winners are enrolled.

For the 2014/2015 school year, applicants must be enrolled full-time in an engineering, instrumentation, systems, electrical, mechanical, or automation discipline at an accredited U.S. educational institution. Applicants must be entering their junior or senior year in a four-year undergraduate degree program or enrolled in a graduate program. They must also have at least a 3.2 GPA on a 4.0 scale and be a U.S. citizen or legal U.S. resident.

ASCO Numatics will present the scholarship awards as part of the Amazing Packaging Race at PACK EXPO International 2014, November 2-5, 2014, in Chicago.

Applications must be submitted online at www.asconumatics.com/apply by March 31, 2014. Please post the enclosed flyers and share this information as widely as possible. If you know of students that display exceptional potential in automation-related disciplines, please urge them to apply. For more information, visit www.asconumatics.com/scholarship.

We thank you for your continued support in assisting us in our efforts to recognize and support tomorrow's industrial automation talent.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Kemple".
